NATx Bonanza

This assembly of libraries is the manifestation of diversity.

Part shrewd ideas, part out-of-the-box-thinking this subset gives a **bonanza** of unusual structures. Due to heterogeneity, this collection eludes a handy characterization. Better take a look for yourself.

4,923 compounds from our library originating from 19 diverse scaffolds are populating the AnalytiCon **bonanza** diversity space. All compounds can be cherry picked. Customized sets can be assembled and delivered in your preferred format. All compounds are above 85 percent purity.
