

Job Title: Scientist Medicinal Chemistry
Job Type: Full-time, Permanent
Location: Potsdam, Germany

About AnalytiCon Discovery

AnalytiCon Discovery is one of the world's leading biotech companies in natural product drug discovery. With our proprietary technology platforms and unique natural product chemistry expertise, we are creating value for the pharmaceutical, agrochemical and food industries.

Position Summary

Responsible for drug discovery programs applying the principles of medicinal chemistry to library design and development and in the context of hit-to-lead and lead optimization.

To strengthen our medicinal chemistry team we are looking for you to join us full-time as:

Scientist Medicinal Chemistry

Duties and Responsibilities

- Independent development of syntheses of drug candidates
- Interpretation of structure-activity relationships for the generation and optimization of lead structures for therapeutic applications resulting in lead and preclinical candidates
- Documentation of laboratory and project results in presentations for different target audiences, patents and publications.
- Independent evaluation and use of new technologies, e. g. for the automation of laboratory processes with the aim of continuously increasing laboratory efficiency
- Active participation in internal and external scientific events
- Constructive collaboration and leadership in interdisciplinary project teams
- Use of state-of-the-art theoretical and practical scientific knowledge in compliance with the guidelines for laboratory safety

Required Qualifications and Skills

- Ph.D. in organic or medicinal chemistry, ideally post-doctoral experience abroad,
- Several years of experience in medicinal chemistry in an industrial setting using the latest technologies and scientific methods
- Independent working attitude with excellent skills in teamwork, reliability and flexibility
- Track record in publications
- Exceptional oral and written communication skills
- Ability to work in a team environment to translate objectives into individual scientific solutions

Our Offer:

- A highly motivated international team and an open way of communication
- Permanent employment
- Flexible work hours
- Attractive salary

All applicants should email their resumes to careers@ac-discovery.com
